Job Application for Software Engineer

Dear Panasonic Recruitment Team,

I am writing to express my interest in the software engineering position at Panasonic. With a strong educational background and hands-on experience in software development, I am confident in my ability to contribute effectively to your team.

I am graduating from UC, Riverside, with a Master's in Computer Science in March. During my academic journey, I had the opportunity to work on various projects that honed my skills in software development and working with others on a common goal. My university coursework not only showcased my ability to solve complex problems but also demonstrated my commitment to delivering high-quality software solutions.

I am proficient in web development, relational database management and possess strong analytical and problem-solving skills. I am eager to bring my technical expertise, passion for software development, and commitment to continuous learning in the dynamic environment at Panasonic.

I am impressed by Panasonic's commitment to delivering inflight products and entertainment that delights millions of people. I am excited about the prospect of contributing to your team and helping Panasonic achieve its goals.

Thank you for considering my application. I am looking forward to the opportunity to discuss how my skills and experiences align with the needs of your team. Please find my resume attached for your reference.

Sincerely,

Gia Thuan Vu
